

ADVERTISE IN THE DAILY AND WEEKLY  
HENG JOURNAL, established 20 years. If you  
want to do business in Nevada, advertise in the  
JOURNAL.

## DAILY NEVADA STATE JOURNAL

PRICE OF DAILY JOURNAL,  
12 CENTS PER WEEK.

## The "Weekly Journal."

On and after January 1, 1890, the price of the WEEKLY JOURNAL will only be \$2 per year, making it the best and cheapest weekly paper in the State.

## The V. &amp; T. is taking it easy.

Let us eat, drink and be merry.  
Bob Parry is having a real good time.  
Jas. Stanaway is down with la grippe.  
Town lots are not in very great demand.  
Frank Rockwell is still enjoying himself.  
Wonder if Captain Griffin is up at Penzance?  
Gentlemen, what will you have this morning?

John Moody was down from Truckee last evening.

Louis Dean and Jim Mayberry think the Winter has just commenced.

Joe McCormick has some idea of going to Virginia to-day via the Geiger grade.

A good cook is wanted by Cozzens & Wheeler, at their Verdi hotel.

Jim Mayberry got back from Verdi yesterday. He reports a terrific rain storm in that section yesterday.

If any of the snow-bound passengers desire to settle in Reno they can secure a few desirable lots in Powning's Addition.

The JOURNAL will have to be entirely original to-morrow. All the old exchanges and new almanacs have been used up.

Charley Ziegler came down from Virginia Tuesday, but he has no desire to tackle the Geiger grade again until the 4th of July.

The Board of Trade is now saved the necessity of asking the railroad company for stop-over privileges for immigrants on its road.

Do not some of the detained passengers want a bird's-eye view of Reno as a souvenir? Only \$1.

H. A. Mason, editor of the Truckee Republican, came to Reno last evening to get a breath of fresh air.

And still the west-bound passengers are landed in Reno, the western terminus of the S. P. R. R., to the number of an hundred or more daily.

Yesterday the monotony of snow storms was relieved by a rain storm. The "beautiful" will probably be a scarce article in Reno this morning.

There are undelivered messages at the Western Union telegraph office for T. V. Snuggett and Mrs. D. S. Verdenell.

The work on the Orr ditch was prosecuted vigorously yesterday, and water was turned into the reservoir at 11:30 last night.

Claude Jacques is very ill with the grip, but the JOURNAL sincerely hopes he will pull through, as he is one of Reno's best, brightest and most deserving boys.

The gauge at the S. P. depot in Truckee registers a snowfall of 246.75 inches for the season, 109.25 inches of it having fallen during the present month.

Supt. Whited is here, there and everywhere, and the Truckee division is all right. Jerry is a railroad man from the ground up, and is as correct as he is quick.

Dan Wheeler intends to move a lot of sheep to Mason valley, where hay is offered at \$5 per ton. It is thought the trip can be made from Wadsworth in four days.

The WEEKLY JOURNAL, issued to-day, is but a single sheet. Circumstances over which the JOURNAL has no control, compel it to suspend double and triple sheets for the present.

All passengers on the S. P. R. R. are granted a lay-over privilege at Reno, and some of them are talking of locating here as soon as real estate becomes visible so they can see to buy town lots.

The steam fire engine was taken out yesterday and an attempt made with it to slush the ice out of the flour mill ditch so that the Riverside mill could be started. The scheme did not work.

Russell & Bradley have a train of 22 cars out at Hallock, and are loading cattle to be brought this way. Another train is on the way out from Reno, and will be loaded and moved as quickly as possible.

Jim Miller started for Sierra Valley a few days ago but could not get beyond the Junction, and returned to Reno last night, after enjoying the snow blockade on the Little N. & C.

Contributions for to-morrow morning's JOURNAL will be thankfully received from any of the detained passengers. A chromo will be given for the best article on "My Railroad Travels."

A man named Harris, who has been sick at Verdi for a week or ten days, was taken on a train that came down from Truckee yesterday afternoon, but he died before reaching this place.

Thanks to the Gazette for a bundle of paper, and its kind offer for the future. The JOURNAL hopes to be able to weather the storm, and will see that its cotem goes through on the same train in a palace car.

Reno set up a lot of beef, potatoes and other provisions to Truckee last evening by the snowplow train. The denizens of that snowed-in burg can count on three meals a day until the cruel storm is over.

The operator at Cascade died Thursday of pneumonia. Dr. Carless tried to get to him from Truckee, but had to give it up after battling with the storm king for several hours. The poor fellow died alone and unaided for.

A theatrical troupe of twenty-four persons was expected in on the train from the East last night. It will be as welcome as the flowers that bloom in the Spring, and evening performances at the McKissick Opera House may be a feature of the coming week.

The ice men at Prosser Creek have finally given up trying to keep the snow off their ice and quit in disgust. The Tahoe Ice Co., near Truckee have about 75 men at work trying to keep their pond free from snow, and at Boca where the same condition of things exists.

## Truckee Items.

The Truckee Republican, of the 18th, contains the following items:

The same paper of the 22d has these:  
Nelson Gardner died at Boca Wednesday of pneumonia.

Quite a number of our citizens are still down with la grippe.

The blockade has now lasted a week, and eight days' mail are due.

The ice men are still fighting the snow, and are having a hard time to save their ice crop.

Shoveling snow from house-tops is the unceasing labor of nearly all the people of Truckee.

The Tahoe Ice Company had a small portion of the roof of one of its houses smashed.

Nothing has been heard from Sierraville. The road to that place seems to be hopelessly blocked.

The ice men are still hard at work clearing the snow from the ponds. They are having a hard fight.

There is a man in jail charged with stealing a pair of snowshoes from Frank Webber, the Tahoe mail carrier.

There is a show company on the snow-bound passenger train here. One of its attractions is a diminutive woman.

The youngest child of Joseph Marzen, Jr., died Wednesday evening. The blow will be a severe one to Mr. Marzen, who is in Sacramento.

Potatoes are getting scarce, and there is only about a two days' supply at the hotels. It may be possible to get some from Reno. There is enough beef in town to last four or five days.

The delayed passengers are not at all pleased with our glorious climate of California. There have been numerous inquiries for our orange groves and beautiful flowers. There is no satisfying some people.

E. A. Sanford, the printer who died last Saturday, was buried on Monday. The coffin was placed on a pair of snowshoes and hauled to the cemetery, and was set there only after hard work. The grave was dug through eight feet of solid snow.

There was an attempt at a strike among the snow shovelers last night. About 150 had agreed to demand \$3 50 a day, but as soon as the leaders found out that they wouldn't get it, they lost no time in getting to work. It is said that some of the shovellers were up and hunting for the shovel before daylight this morning. Their wages are \$2 a day and board.

## News From Truckee.

H. A. Mason, proprietor of the Truckee Republican, braved the elements yesterday and came down from Truckee on the fanger. He reports the outlook for the opening of the road within the next four or five days as very discouraging. When the fanger left Truckee it was snowing very hard, the wind was blowing and the snow drifting badly. Mr. Mason secured a lot of potatoes to take back with him, the Truckees having run out of this very necessary vegetable. He reports enough beef on hand to last the snowed-in community for several days. The snow was about twelve feet deep on a level when he left home. After securing a lot of old exchanges, this venturesome editor returned by the way he came at four o'clock, feeling much better after being able to plod around in the slush for a few hours several feet nearer the earth.

## Growing.

As a matter of course there are a number of grumblers among the delayed passengers, who, instead of making the best of the situation, go about cursing their luck, abusing the railroad company and making their fellow sufferers feel discontented also. The Republican man yesterday found an old railroader who is one of the delayed passengers and he was asked if the passengers had any just complaints to make. "No," he said, "everything is being done for our comfort that is possible. This company is doing much more than some others would. We are being well treated and no one ought to complain."—Truckee Republican.

The same growl is being heard here, not so much on account of the blockade as the dilatory action of the railroad company in seeing that the delayed passengers are fed properly, some of them claiming that they do not get meal tickets unless a big kick is made and made often.

## Train Notes.

The New York train will be made up to-day, and probably leave Reno some time this afternoon.

All trains have been stopped coming west from Ogden.

The N. & C. will make the rifle to-day.

Nothing new from the V. & T.

The Eureka & Palisade railroad is blocked, but the buckboard is making daily trips between Eureka and Palisade.

The snow plow came down from Truckee yesterday afternoon and went back last evening.

Go to Lange & Schmitt's for ranges, and cook stoves. Best assortment in the State.

## WHAT IS

## SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

## How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. My daughter Mary was afflicted with scrofula sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J.

N. B. Be sure to get only Hood's Sarsaparilla sold by all druggists. 50 cents per bottle. Prepared only by C. I. HOOD & CO., Apollonia, Lowell, Mass. 100 Doses One Dollar

THE CALIFORNIA

POWDER WORKS,

230 California Street,

SAN FRANCISCO.

Manufacture and have constantly on hand

SPORTING,

MINING,

and BLASTING

POWDER,

A superior quality, fresh from the mills. It is be-  
ing constantly received and transported into the  
interior, is delivered to the consumer within a few  
days of the time of its manufacture, and is in  
every way

Superior to Any Other Powder

In the market. We have been awarded  
successively

Three Gold Medals!

At the MECHANICS' INSTITUTE and the State  
Agricultural Society for the superiority of our  
products over all others. We call attention to our

Hercules Powder,

Which combines all the force of other strong  
explosives now in use, and the lifting force of the  
very

BEST BLASTING POWDER.

Thus making it vastly superior to any other com-  
pound now in useCircular containing a full description of this  
Powder can be obtained on application at the  
office of any of our agents.

JOHN F. LOHME, Sec'y.
